

11 December 2014
Version 1.2

IMPORTANT NOTE

The track plan shown in Figure 1 below supersedes any previous documentation and is based on the built physical track that will be used at the competition.

This specification remains subject to change. Please ensure that you check back regularly to www.mcurally.com, read the blog and look out for the monthly newsletter in your email inbox for the latest updates

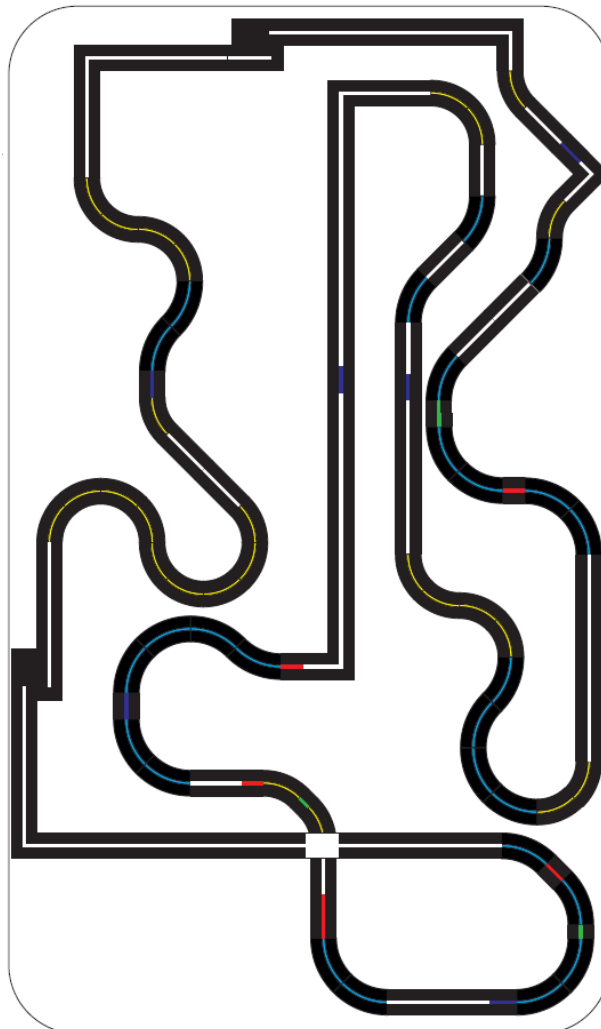

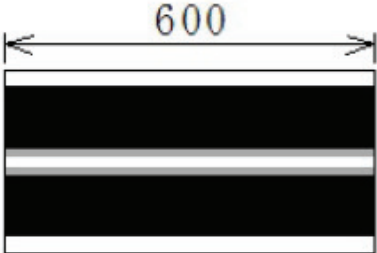

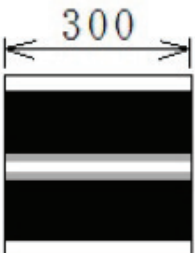

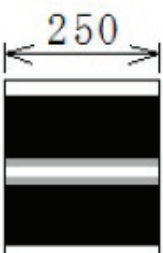

Figure 1: Track plan view

Parts list of track set

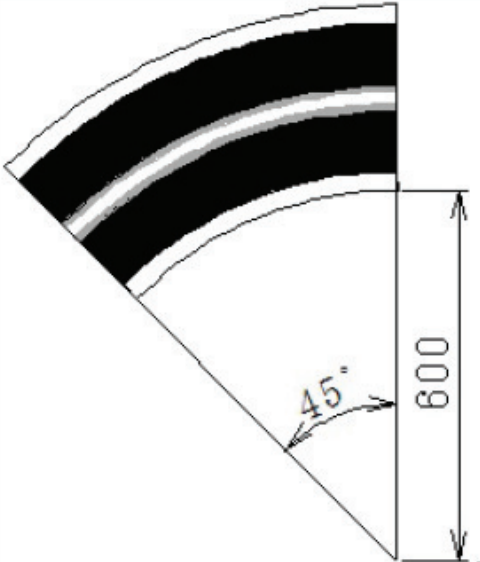

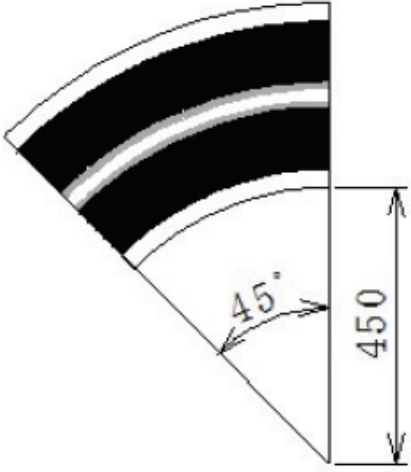

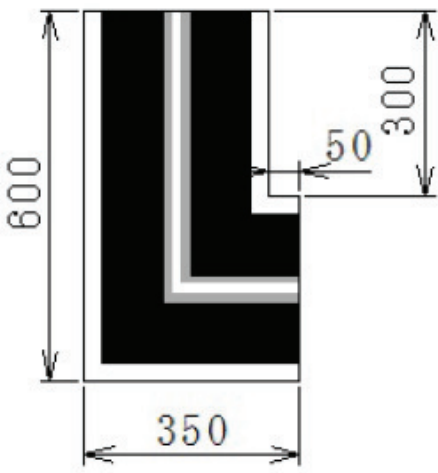

Part name	Number of parts	remarks
Right angle curve	6	
T600	45	
T300	6	
T250	6	
T150	4	
R600	27	
R450	27	
Right Lane Change	1	1set (RLC1,RLC2)
Left Lane Change	1	1set (LLC1,LLC2)
Slope	2	

Straights

The unit of length is millimeter in this document

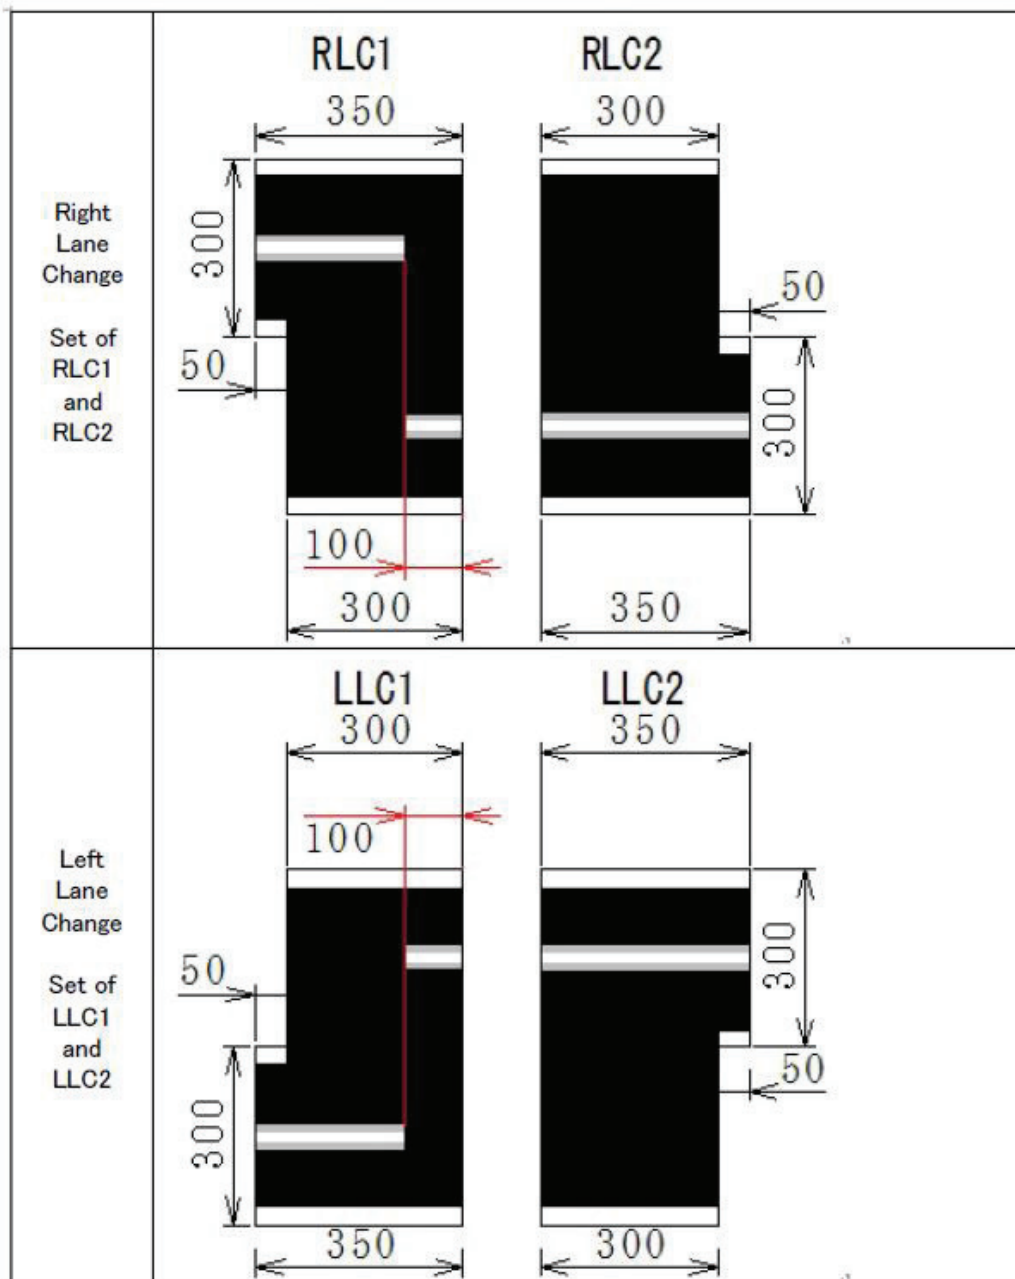

T600	
T300	
T250	
T150	

Curves

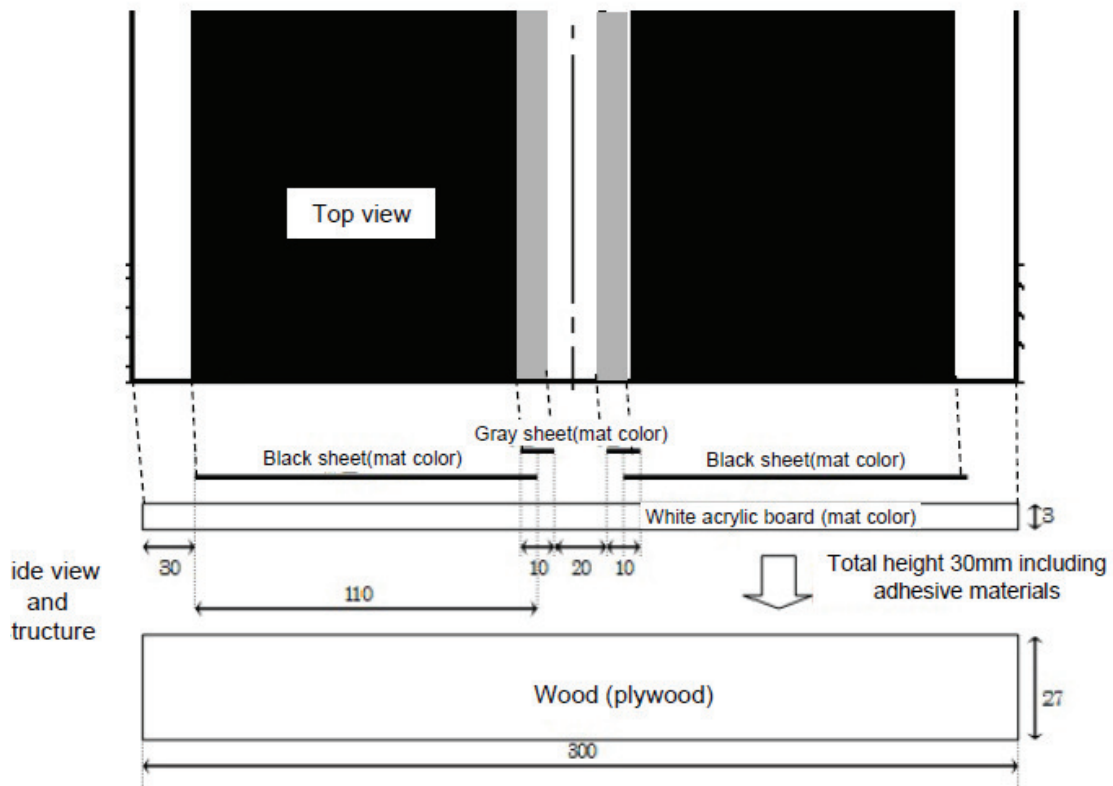

R600.	
R450.	
Right angle curve	

Only one kind of part for right angle curve

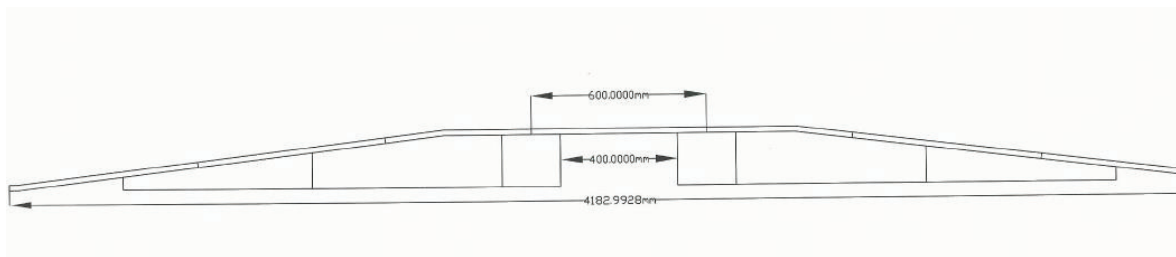

Lane Changes

Structure of track

Slope:

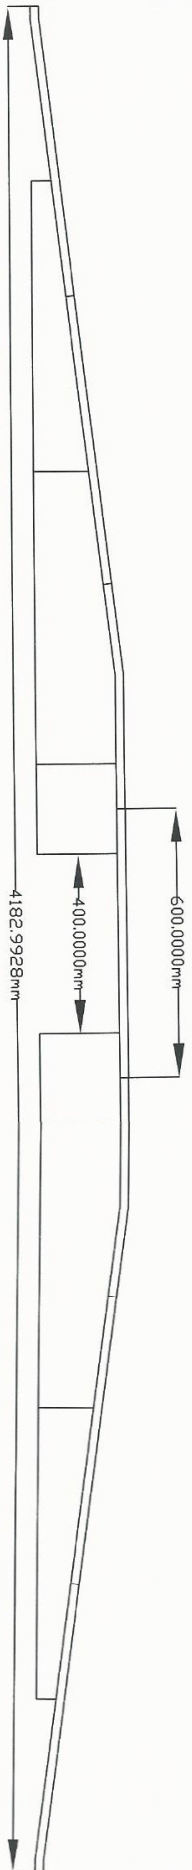

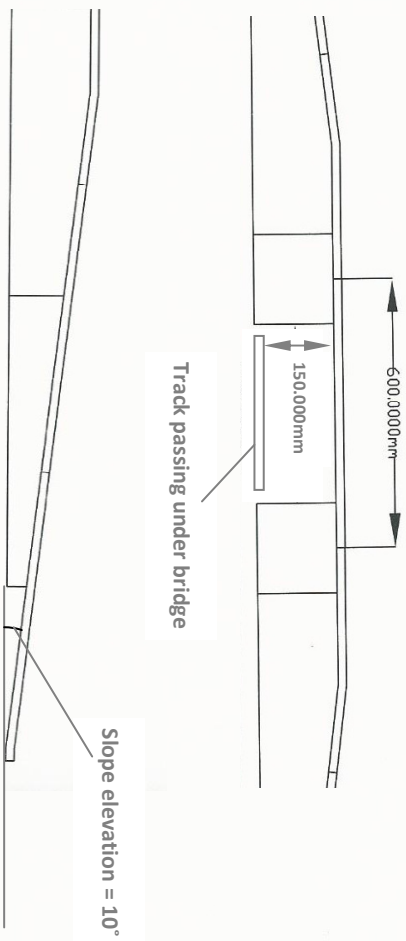

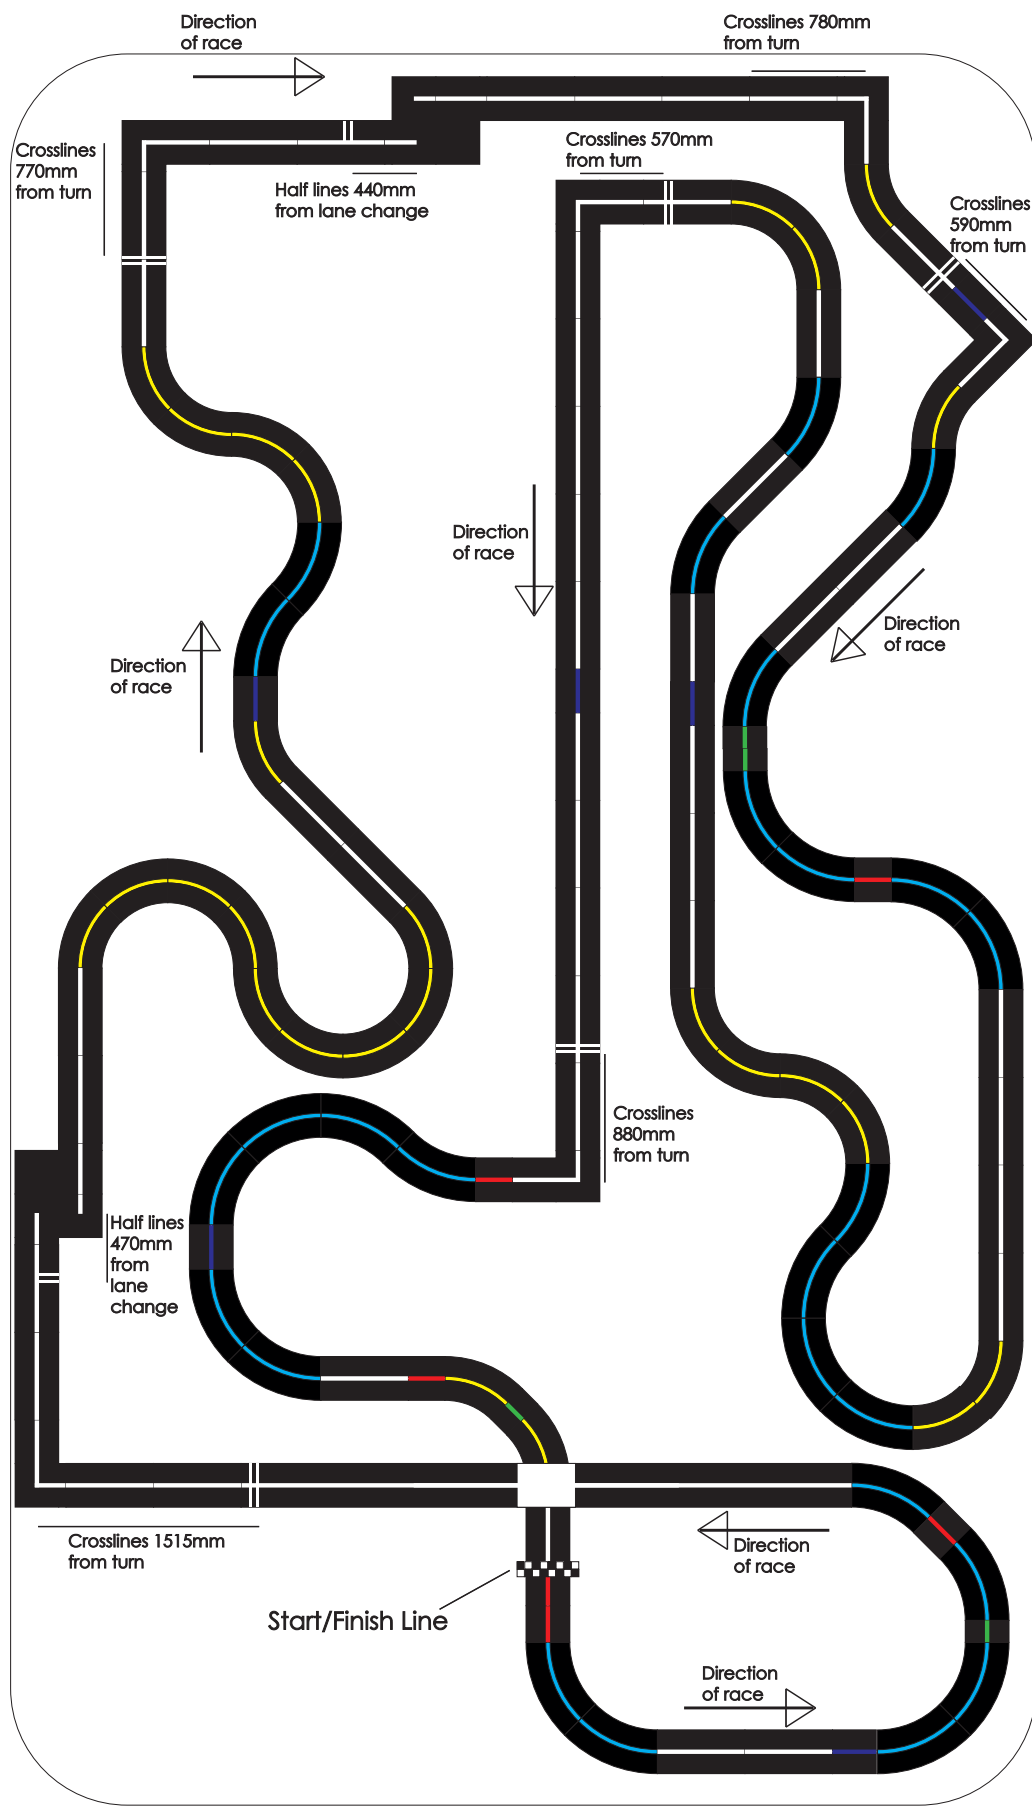

Colour Reference:

The grey colour used in track production is as follows, in both Pantone or RAL references:
